

CACTUS CAR MODELERS REVIEW

Volume 3 Number 10 June 14, 2007

Builders Choice

This month's theme was Builders Choice. It wasn't a big turnout for cars do to some other event that started the meeting. But the cars that were there were pretty cool. The Winner was also our host for the evening. Mr. Brian Neal! He won with a nice little Toyota Supra with some custom graphics. Bernie & Sonni tied for second. Bernie had a cool Caddy GTP car and Sonni had his 427 Cobra. Good Job Guys! We got to take a peek at the DVD that was shot at the DSC 3. It turned out pretty nice.

For those who were not at this meeting....There has been some changes made to our members list. A few members have decided to leave the club. They also have left the DSC show to the club. Those who left are Matt Conte, Drew Martin, Dave Bell, Gregg Reichard, Frank Bennett, Debbie Costa & Aaron Baldea. The club will continue on and so will the DSC show. The change we made will be a new night. We will be having the meetings on the second Wednesday of the month instead of the Thursday. It was a better night for most of the guys.

We have some things to work out for the next year. So if we can have all the members show up at the next meeting July 11, 2007 we can get them worked out. We need to line up some meeting host's, start thinking of theme builds for the next years meetings. We have 2 meetings left for this year. Bernie will be hoisting the July meeting at his house. And the Theme will be BEATERS. This is cars that have seen better days but can still be driven. The Aug. Meeting will be at Greg Wann's House and the theme will be Hotwheels cars. A model that looks like a hotwheel diecast car.

Also If anyone is going to the Herb Deeks Show July 15th let me know, I am going over to it. And the guys are doing a road trip to Tucson for a hobby shop tour this Sunday. If you wanna go Let Bernie or Dale know they are heading up the meeting place and car pooling.

Don't forget to bring your model projects your working on also. And if you have new kits or detail parts to show or new hot rod books bring them too.

See ya all there!

Dave
